

# Pressure Treated Steps

These sturdy pine-treaded steps, attached to a super-strong, cross-braced metal frame, offer attractive access to any mobile home at an economical price. Step tread on the 29" wide step is 9-1/2" wide. On the 36" wide step, the tread is 11-1/2" wide.

## Two Step

**0350901** 18" H; 12/Ctn.  
**0350902** Hand Rail; 5/Ctn.

## Three Step

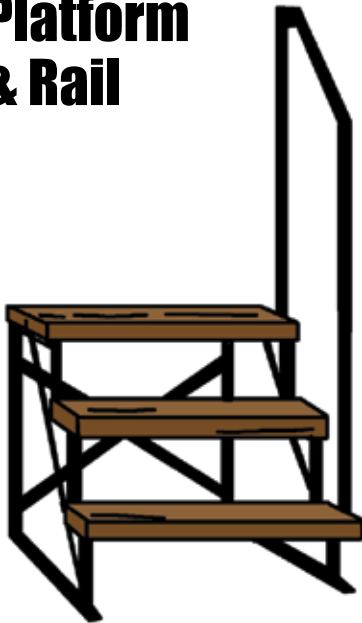

**0351001** 26" H x 29" W; 12/Ctn.  
**0351002** Rail for **0351001**; 5/Ctn.  
**0351005** 26" H x 36" W  
**0351006** Rail for **0351005**

## Four Step

**0351101** 34" H x 29" W  
**0351004** Rail for 29" 4 Step; 5/Ctn.  
**0351007** 34" H x 36" W; 12/Ctn.\*  
**0351008** Rail for 36" 4 Step  
*\*The 36" wide not available at all locations.*

## Steps with Half Platform & Rail

Two steps with the third step being a 19" x 29" half platform with rail for safety.

**0351050** 10/Ctn.

Three steps with the fourth step being a 19" x 29" half platform with rail for safety.

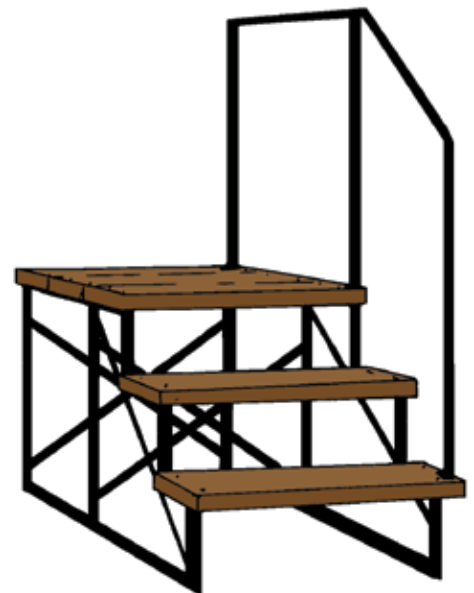

**0351052** 10/Ctn.

Platform and rail attaches easily to steps for an attractive addition.

**0351056** 19" D x 29" W for 4-Step  
**0351057** 24" D x 36" W for 3-Step  
**0351058** 24" D x 36" W for 4-Step  
**0351055** 19" D x 29" W for 3-Step

## Half Platform & Rail Kit

*(Shown with three step: NOT included)*

## Fiberglass Steps

- Steps constructed of heavy-duty treated plywood and 2 x 4's designed to last decades even under heavy water contact.
- Deep-penetrating treatment protects all exterior and interior wood against rotting, warping and other decay.
- Grooved nails give superior strength in key bracing areas.
- Fiberglass and resin exterior coating provides strength and durability.
- White or sand exterior with special "Black Buckshot" finish for added visual appeal.
- Slip-resistant texture on all treads and landings for additional safety.

H = Height of Step    D = Depth of Top Landing    W = Width of Step    BOCA Rail = Meets BOCA Code

The perfect stair system for all installations old or new. Not only are they built rugged but the textured brick finish will enhance any home or business entrance for years. R-Co Steps are constructed of heavy gauge steel, then coated with R-CO Products' original SpaceGuard coating.

SpaceGuard is noted for its weather resistance and non-skid qualities. It has been used extensively in the precast concrete industry as a surface sealant and slip-resistant agent. R-Co Steps design features make them adaptable to virtually any entrance configuration desired.

R-Co Steps are packaged in one tread units, including pre-drilled tread components with hardware and instructions. All tread and deck units are engineered to mate perfectly for beautiful and long lasting installation.

See matching skirting on [page A-9](#)

**Treads:** 20 gauge steel treads with a non-slip SpaceGuard coating, 10 1/2" deep by 47" wide. Spot welded "Hat" channels provide the rigidity of solid concrete.

**Risers:** Heavy steel constructed risers are 7" high and coated with SpaceGuard in a brick, stone and stucco pattern. Pre-drilled for easy assembly.

**Side Panels:** Heavy steel side panels with SpaceGuard coating in a stone and stucco pattern. Pre-drilled. Also used as side panels for deck platforms.

**Stabilizer/Back Enclosures:** Heavy gauge steel panels with SpaceGuard coating. Used to enclose step back opening when desired entrance is on the side.

## EXTERIOR DESIGNS

### REVOLUTIONARY

Keystone Exterior Designs adapted the time-tested strength of the keystone to create an **innovative connector** for joining wood.

**WHY KEYSTONE DECKS ARE BETTER THAN SITE-BUILT DECKS:**

*Better value*

*Meets national building standards*

*Factory-built to exacting standards and quality controls*

*Grows with homeowner's needs*

*Free-standing design*

*New Generation treated wood*

*Immediately available from your parts distributor*

*Financing available*

*Limited lifetime warranty*

**No nails, no screws, NO SWEAT!**

# DECKIT

## Custom Styling with Production Economy

You've grown accustomed to the predictable style and fine quality of Keystone Decks and our new design makes ordering and installation even simpler.

Keystone Decks are still portable and the stairways repositionable. The decks are still expandable. Start out small and upsize at a later date. Keystone Decks are still code-compliant, so assemble them with confidence.

## New Design adds Strength and Simplicity

Keystone's new Deckit approach includes sub-post support every four feet. The load carrying capacity is increased to accommodate most spas, and floor rigidity is noticeably increased. 8' sections are still available by special order.

- Minimal tools required
- Customizable design
- Flexible sizing
- Meets International Residential Code Requirements
- KDAT lumber treated with MCA wood preservative
- Quick & easy assembly
- Multiple stairway options
- Expandable
- Portable

Basic 4 x 4 Deck

Where space is limited or economy is needed, this unit can grow as your needs change.

**Order**

- (1) Kit A (#0205150)
  - (1) Stairway Kit (See P.33)
- Mount the Stairway on any side.

For Jack & Jill, order  
(2) Stairway Kits (See P.33)

Basic 4 x 8 Deck

Ideal for an attractive front entry. The stairway is able to mount in 4 different positions.

**Order**

- (1) Kit A (#0205150)
  - (1) Kit B (#0205151)
  - (1) Stairway Kit
- Mount the Stairway on any side.

For Jack & Jill, order  
(2) Stairway Kits (See P.33)

Basic 4 x 12 Deck

Popular for slider door entries or for a more dramatic front entrance.

**Order**

- (1) Kit A (#0205150)
- (2) Kit B (#0205151)
- (1) Stairway Kit (See P.33)

Basic 8 x 8 Deck

This popular deck is a great starter, has plenty of room for entertaining and it's expandable.

**Order**

- (1) Kit A (#0205150)
- (1) Kit B (#0205151)
- (1) Kit C (#0205152)
- (1) Kit D (#0205153)
- (1) Stairway Kit (See P.32)

Basic 8 x 12 Deck

This deck provides plenty of space for a picnic table and is perfect for entertaining.

**Order**

- (1) Kit A (#0205150)
- (2) Kit B (#0205151)
- (1) Kit C (#0205152)
- (2) Kit D (#0205153)
- (1) Stairway Kit

# KEYSTONE

EXTERIOR DESIGNS

Each Keystone kit is carefully packaged at the factory for efficient transportation and storage. Please note that the New Keystone Deckit is supplied with support posts suitable for a five tread deck (45" height). Support posts may require cutting to length at the job site.

## ORDERING INSTRUCTIONS

1. Determine the size of your deck (multiples of 4' per side).
2. Use the diagram to the right to determine the kits you need to build the desired size deck.
3. Determine the height of your deck for step kit.

(Note: If more than one Stairway kit is ordered, you will have a surplus 4' rail section for each additional Stairway kit.)

### Examples:

Kit **A** and Kit **E** makes a 4' x 4' with 2 steps

or

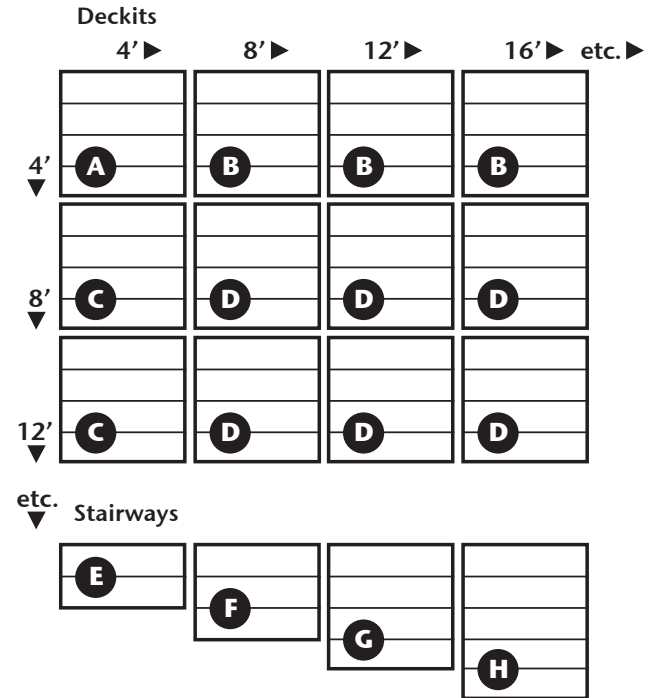

if you need a 4' x 8' with 3 steps choose:

Kit **A** & Kit **B** and Kit **F** makes a 4' x 8' with 3 steps
